

# Vacuum Bags

## Keep food fresh and seal in the flavour

Vacuum packaging is ideal for foodservice or retail operations where food preservation and portioning is fundamental. Vacuum sealing extends shelf life, preserving the produce and allowing the flavours to penetrate the food. The strength and barrier qualities of the vacuum bags allow foods to be presented on shelf in stores or restaurants, making them convenient meal solutions for customers.

## Benefits of Vacuum Packaging

- Extended shelf life
- Portion control
- Optimal product and storage hygiene
- Reduced wastage from drying, discolouration or freezer burn
- Improved product quality
- Professional product presentation in retail applications
- Ideal for sous-vide cuisine applications
