

# WE'VE SWITCHED TO RECYCLABLE MEAT TRAYS!

Dear Customers,

We're pleased to announce that we've moved away from non-recyclable expanded polystyrene packaging into recyclable R.P.E.T trays.

The Recyclable Meat Trays are made from at least 60% post-consumer recycled P.E.T (R.P.E.T) and can be recycled via household recycling collection programs throughout Australia.
