

SERV-RITE®
**REDUCE
WASTE**
SAVE TIME!

Every single ServRite® napkin dispenser performs double duty for your business:

- **Control consumption**
- **And capture attention**

... all while improving customer experience!

Waste reduction & cost effective

The one-at-a-time dispensing design ensures that customers touch and take only the napkins they use – reducing napkins usage.

Easy to maintain

Thanks to the side panels, the consumption level can be monitored, and the dispenser can be refilled easily and quickly when necessary – simplifying loading and saving space.

Environmentally conscious

Serv-Rite® napkins dispensing system is specifically designed to reduce overuse while also delivering functionality.
