

BAGS

Handle Carry Bags.

Castaway® Handle Carry Bags are the perfect alternative to plastic single bags. Free-standing and ideal for retail, food service and takeaway uses, they provide a sustainable solution to conveniently carry multiple items efficiently. They offer businesses the opportunity to reduce their environmental impact by supplying waste reduction compliant carry bags.

available

Paper is the solution.

Plastic bag bans have been introduced in numerous countries worldwide over the past few years. Many businesses in Australia and New Zealand have supported the move away from single-use plastic by seeking more sustainable solutions.

Paper offers the same functionality as plastic, but with significantly better environmental performance.
