

# PAPER COFFEE CUPS

[CASTAWAYFOODPACKAGING.COM.AU](https://www.castawayfoodpackaging.com.au)

# KEEP IT LOCAL

We are on a journey to make the most sustainable and environmentally conscious products on the Australian market.

## Australian made

Castaway cups are manufactured in our own facilities right here in Australia. By investing in local manufacturing, we not only support our local economy, but we also reduce transportation to a local level. All our facilities are HACCP certified ensuring strict control of food safety and product quality.

## Sustainably sourced paper

Castaway cups are made with paper sourced from certified managed plantation forests. Paper is both renewable and recyclable, contributing to a circular economy where materials can be reused to produce new products.

## Water based inks

We only use water-based inks for printing Castaway cups, which are free from harmful toxic chemicals, and are made from naturally occurring substances.

## Recyclable

Castaway cups are accepted for recycling by many councils throughout Australia. Made from water-based dispersion coating, the new 'This Cup is Different' cups offer a more sustainable to standard coffee cups.

## Product innovation

We have developed an aqueous coated cup - making it easier to recover valuable resources that might otherwise end up in landfill. Turn to page 5 for more on our 'This Cup is Different' paper coffee cups.

## BrandBuilders Custom Printing

Our entire range of coffee cups can be custom printed with your brand or imagery. Turn to page 15 to read more about the steps to build your brand.

# CUP SIZING

## Compare features and benefits

There are many things to consider when choosing which type of coffee cup to serve your brew in such as:

- Serving temperatures
- Insulating properties
- Surface texture and feel
- Custom-printing options
- Which size you want to offer
- Recyclability / Compostability
- Environmental features

\*THIS CUP IS DIFFERENT

**COMBO lid system**  8,12 & 16oz

Our Eco-Smart® Combo lids offer a secure fit around the cup for a safe and leak-free experience. The ergonomic design of the sipper creates a comfortable drinking experience.

**Fits all Combo Cups: 8,12 & 16 oz**

**CLASSIC lid system**   6 & 8oz 12 & 16oz

Classic cup lids are designed for baristas who prefer the two-lid system for easy cup size differentiation.

**Fits Classic Cups: 6 & 8oz**

**Fits Classic Cups: 12 & 16oz**

**CLASSIC lid system**   6 & 8oz 12 & 16oz

Sugarcane cup lids are designed to fit our 'This Cup is Different' cups and our Classic cups for a totally compostable option.

**Fits Classic Cups: 6 & 8oz**

**Fits Classic Cups: 12 & 16oz**

\* THIS CUP IS DIFFERENT

Castaway 'This Cup is Different' Paper Coffee Cups are made in Australia using an aqueous coated board. Welcome to the new standard in sustainable coffee cups.

# THIS CUP IS DIFFERENT

We are proud to be working towards APCO and PAC.NZ 2025 packaging targets. We are on a journey to make the most sustainable and environmentally friendly products in the market.

We have developed an aqueous coated cup – making it easier to recover valuable resources that might otherwise end up in landfill.

Manufactured in Australia in HACCP certified facilities, our new 'This Cup is Different' cups offer an environmentally friendly viable alternative to conventional coffee cups. By applying the unique water-based coating to natural carton, these cups can be easily recycled, without the need for designated plastic removal systems.

Castaway 'This Cup is Different' cups offer a more sustainable alternative to standard coffee cups, and are part of our ongoing commitment to provide sustainable and innovative packaging solutions for our customers.

## Water-based coating

The barrier layer of this cup is a water-based dispersion coating or aqueous coating.

## Printed with water-based inks

These cups are printed using high quality water-based inks – preventing the use of hazardous solvent-based inks.

## Recyclable

By applying a unique water-based dispersion coating to natural carton board, this cup can be recycled, where facilities exist.

## Commercially compostable according to EN 13432\*

Castaway 'This Cup is Different' cups can be commercially composted and will disintegrate in 180 days under commercial composting conditions.

\* THE AQUEOUS WATER-BASED LINING IS CERTIFIED TO EUROPEAN INDUSTRIAL COMPOSTABLE (EN13432) STANDARDS. \*\* (AU PENDING) PENDING TO AUSTRALIAN (AS4736) STANDARDS.

THIS CUP IS DIFFERENT

# COFFEE CUPS

Castaway 'This Cup is Different' Paper Coffee Cups are made in Australia using an aqueous coated board, making them a more sustainable choice but with all the great features you love in our standard single and double wall cups.

# CUSTOM PRINTS

Custom-printed coffee cups are an effective way to promote your business and stand out from the crowd - transform your coffee cups into miniature billboards.

## Ordering Process

- 1 Pick your cup or products
- 2 Test our products in your business
- 3 Create your artwork
- 4 Print and ship (and/or warehouse)

## Custom Printed Coffee Cups

Our entire range of coffee cups can be custom printed with your brand or imagery. You can start with a short minimum order quantity of 24,000 coffee cups for a short print that will get you in the hands of your customers in 6 weeks only.

## Artwork

Our in-house graphic designers can either convert or enter your artwork onto our template for approval. Please ensure that the design is finalised prior to submitting your artwork to us. This means all the elements in your concept such as any text, logos, etc. have all been confirmed. We have an in-house graphic designer who will fit it into our template, however any changes to the design after this has been done may incur extra charges.

## Delivery

We deliver to locations Australia-wide. The freight cost and delivery time will be determine once you provide us with your delivery postcode. We deliver in unmarked cartons with no marks identifying our company.
