

# SIP SUSTAINABLY.

As we strive towards creating a circular economy for packaging, we are excited to launch a NEW and improved version of our Castaway® Paper Cold Cups. This range is now certified compostable, making it the sustainable choice for your cold drinks.

Perfect for smoothies, slushies, juices, milkshakes and cold brews. Available in sizes ranging from 16 to 24 oz and with a fresh take on two of our most iconic designs, Daintree and Carnivale, we've got cold beverages covered.

## DAINTREE & CARNIVALE

Pairing these certified compostable cups with home compostable, PFAS free sugarcane lids provides an entirely home compostable solution that will break down in home compost with other organic materials, like food waste.
