

FRESHNESS YOU CAN SEE

KRAFT SANDWICH WEDGES

A more sustainable way to showcase your sandwiches. Manufactured in Australia using sustainably sourced paper, Castaway® Kraft Sandwich Wedges use a water-based barrier coating unlike conventional plastic lined containers ensuring an easily recyclable paperboard via existing recycling streams.

Designed to provide oil and grease resistance along with an anti-fog viewing window, these are an easy grab 'n' go solution for cafes and convenience stores whilst its stylish design drives impulse sales and accentuates your favourite sandwich items.
