

Supermarket Guide 2024

castaway.com.au

Trusted by supermarkets, grocers, butchers and delis for more than 49 years, Castaway® is Australia's market leader in providing innovative products and offers a full-service manufacturer and distributor of sustainable packaging products.

Castaway® is proudly Australian. More than 60% of our products are Australian-made and our national distribution footprint means local, reliable supply.

As an iconic Australian company, Castaway® is always pursuing research and development to bring new exciting products to the market. From new packaging ideas, to building your brand with custom prints, we have a wealth of creative and technical expertise in delivering innovative and functional food and beverage packaging solutions.

Innovation, quality & reliability.

MPM Marketing Services manufacture, market and distribute innovative packaging products for the foodservice and retail industries to cover a wide range of applications, under our iconic brand Castaway®.

We are proud of our Australian heritage and have been at the heart of the packaging industry for four decades. We believe that an essential ingredient to our success is our ability to respond quickly to our customers' needs and create true value for them.

We have a dedicated, in-house team of customer service, sales executives and technical experts who work closely together to not only deliver a personalised, efficient service, but also to create the right solution that meets your business's specific needs.

At Castaway®, we are committed to creating a circular economy for packaging. To do our part to help achieve this, we are constantly developing high-quality, sustainable food packaging.

A customer-driven approach to the foodservice industry

With most of our products being manufactured in Australia in HACCP certified facilities, and distribution centres located throughout the East and West coasts, and New Zealand, we have the ability to react quickly to today's fast changing markets, and ensure ongoing deliveries

Customer-centric service

We have an attentive team of sales representatives and product experts, that look after you right from the day you make an inquiry until your requested products are shipped to your locations. Our dedicated, trained and friendly customer service team on the phones are always ready to help with inquiries.

Innovation and design

Being a strategic packaging partner for the food service industry, we are uniquely positioned to provide product development, integrating design and artwork, manufacture and technical expertise to get your products on the market faster and drive growth.

Our vision

To become well known as Australia's trusted packaging partner, delivering added-value packaging solutions to the food-service industry while keeping a strong focus on innovation, flexibility, responsiveness and sustainability.

Our mission

To provide the foodservice industry with disposable packaging solutions that are innovative, efficient and sustainable while adding value to the customer experience.

1500+

products in our range

200+

distributors across Aus & NZ

36%

of our products are compostable

56%

of our products are recyclable

60%

of our products are made in Australia

42%

of products are made in our own facilities

Sustainability

We are committed to sourcing the most sustainable products and ensuring environmental sustainability plays a part in what we do. Castaway® is responsible for procuring sustainable, ethical and responsibly sourced materials, goods and services.

Total packaging solutions

We stock a varied and versatile range of products, to create a one-stop-shop opportunity for our customers. Whether you are looking to deliver a higher quality food experience, or simply a fast takeaway meal, consumers appreciate the quality and functionality of Castaway® Food Packaging products.

Continuity of supply

We have a national footprint of Castaway-owned distribution centres. We hold a full range of stock in each distribution centre to ensure that supply is always local, providing fast and reliable distribution throughout Australia.

Sustainability principles.

We are committed to excellence in all aspects of our business and operate a continual improvement program to assess and reduce all environmental aspects and their impacts. Our philosophy and long-term commitment to sustainability centres on these five key principles:

Innovation

Promote a culture of innovation in order to continuously improve the functionality, environmental sustainability and efficiency of all our products.

Product life cycles

Design and develop products that are both sustainable and commercially viable throughout their life cycle, with a focus on products that are recyclable, compostable, and/or made from renewable materials.

Efficiency & investment

To enhance operational, energy, and material efficiency during manufacture, and throughout the supply chain, through direct investment to improve environmental performance.

Provide options

Offer the customer product options so they can identify which best fits their sustainability goals, financial considerations, and functional constraints.

Consumer education

Reach consumers at every possible touch-point to inform and educate them about packaging materials, environmental concerns, and the correct use and disposal of all our products.

BAKERY RANGE.

Plastic Containers.

Clearview® Dome Lid Food Bowls

Castaway® Clearview® food bowls feature exceptional clarity and durability. Air-tight lids ensure freshness, and a double-split hinge allows containers to be laid open on a bench for quick and easy filling. Multiple sizes are available, with flat or dome lids offering extra space for fresh food applications and bakery items.

GREAT FOR:

Salads, fresh foods, biscuits, cakes, nuts and sweets.

Bags.

Vacuum Bags

Vacuum packaging is ideal for foodservice or retail operations where food preservation and portioning is fundamental. Vacuum sealing preserves produce and allows the flavours to penetrate the food. The strength and barrier qualities of the vacuum bags allow foods to be presented on shelf in stores or restaurants. Ideal for meat, poultry, fish, fruits, vegetables, and nuts.

Cutlery.

ENVIRO CUTLERY™

Our Envirocutlery™ range of wooden cutlery offers the perfect alternative to plastic disposables. Made from sustainably sourced birchwood, they are 100% natural and home compostable. These utensils are ideal for both hot and cold dishes.

GREAT FOR:

Picnics, functions, festivals, markets, café & restaurant operations, meal delivery services and more!
